PROFESSIONAL SUMMARY

Full Stack Developer with **5+ years** of experience building production web applications for a B2B SaaS platform serving **800+ active clients** and **6,000+ users**. Strong background in **React** and **TypeScript**, with a proven track record of designing and delivering end-to-end modules, from data modeling and UI to integration with AI services and fiscal automation workflows. Experienced in asynchronous backend architectures using **NestJS**, **PostgreSQL**, and **RabbitMQ**, with focus on idempotency, retry strategies, and fault tolerance. Familiar with Docker, CI/CD, and cloud infrastructure (AWS, GCP). English proficiency: C1.

PROFESSIONAL EXPERIENCE

Web Developer

Apr 2021 – Present

Wonder Sistemas | B2B SaaS Platform (ERP)

Erechim, RS

- **Architected and delivered end-to-end the expense management module** of the core platform, from data modeling and UI design to external integrations, starting from scratch and currently used by dozens of client companies.
- Integrated **AWS Textract** for OCR-based invoice processing and built a scraper to extract data from Brazilian SEFAZ electronic invoices via QR code, eliminating manual data entry; performed targeted changes in a **Ruby on Rails** BFF to support the workflow.
- Delivered and maintained production features using **React**, **TypeScript**, and **GraphQL**, following agile practices, rigorous code reviews, and containerized deployments with **Docker**.
- Co-created and maintained a reusable React component library documented with JSDoc, standardizing UI patterns and accelerating development across a team of 6 engineers.
- Covered critical flows with unit and snapshot tests using **Vitest** and React Testing Library to prevent regressions.

Chatbot Development Intern

Feb 2021 – Apr 2021

Compass UOL (Software House)

Remote

- Developed chatbots in **Node.js** integrating **IBM Watson Assistant** and Blip, focusing on conversational automation, external API integration, and backend logic.

PROJECTS

Asynchronous Webhook Ingestion System | *NestJS, PostgreSQL, RabbitMQ*

2026

- B2B platform that receives order webhooks from marketplace partners and processes them asynchronously with guarantees of idempotency and resilience.
- Webhook receiver with **HMAC validation** and **idempotency via event_id**, ensuring at-least-once delivery with idempotent processing.
- Decoupling via RabbitMQ enables sub-100ms HTTP responses to senders while deferring processing to background workers, protecting partner SLAs from internal latency.
- Implemented **retry with exponential backoff** for transient failures and **dead-letter queues** for permanent failures and invalid payloads, with a dedicated inspection endpoint.
- Implemented structured logging with **correlation_id** propagated from request to persistence, enabling end-to-end traceability of each event.
- Architectural decisions documented as ADRs in a [public GitHub repository](#).

Chess AI Engine with Minimax | *Python, Lichess Bot API*

2024

- **Final Thesis Project:** built a chess AI engine from scratch using **Minimax with Alpha-Beta pruning**, integrated with the **Lichess Bot API** for real-time online matches. Deployed at chess-matheusfinatto.netlify.app, source code available on [GitHub](#).

EDUCATION

Regional Integrated University of Alto Uruguai and Missions (URI) <i>BSc in Computer Science</i>	Erechim, RS <i>2021 – 2024</i>
HarvardX EdX <i>CS50x: Introduction to Computer Science</i>	Online <i>2021</i>
Federal University of Santa Maria (UFSM) <i>BSc in Business Administration</i>	Santa Maria, RS <i>2016 – 2019</i>

TECHNICAL SKILLS

Languages: TypeScript, JavaScript, Python, SQL

Frontend: React, Next.js, Redux, Context API, Tailwind CSS, SCSS, Styled Components, CSS Modules

Backend: NestJS, Node.js, Express, REST, GraphQL

Databases: PostgreSQL, MongoDB (Mongoose), MySQL

Infra & DevOps: Docker, RabbitMQ, AWS (Textract, S3), GCP, Git, CI/CD (GitHub Actions, Vercel)

Testing: Vitest, React Testing Library

Spoken Languages: Portuguese (Native), English (Advanced, C1), Italian (Basic), Spanish (Basic)
